New Silca Remote Keys

## HANDZ OFF™

### New HandzOff™ tool

Silca are pleased to announce the availability of HandzOff: the tool that presses, grabs, hooks and grips to avoid touching germ-covered surfaces with bare hands.

HandzOff is made from 100% recycled brass, a copper alloy proven to have an effective, ongoing anti-bacterial effect.

Protecting the user, HandzOff is designed to keep at a distance unhygienic situations like door handles, cash machines, POS terminals, public toilets, rubbish bins, pedestrian crossings, lifts, shopping bags, and many more.

**Order Code: AVZ1114**

### Nuovo accessorio HandzOff™

Silca è lieta di annunciare la disponibilità di HandzOff: l'accessorio che consente di premere, afferrare e agganciare oggetti evitando di toccare a mani nude superfici contaminate da germi e batteri.

HandzOff è realizzato al 100% in ottone riciclato, una lega in rame cui sono riconosciute intrinseche proprietà antimicrobiche.

HandzOff è stato pensato per consentire di muoversi negli spazi pubblici senza dover entrare in contatto diretto con superfici quali maniglie delle porte, sportelli bancomat, terminali POS, bagni pubblici, bidoni della spazzatura, pulsanti di semafori e di ascensori, borse della spesa, ecc.

**Codice Ordine: AVZ1114**

### Nouvel accessoire HandzOff™

Silca a le plaisir d'annoncer la disponibilité de HandzOff : l'outil qui appuie, saisit et accroche les objets pour éviter de toucher les surfaces couvertes de germes et bactéries à mains nues.

HandzOff est fabriqué à partir de laiton recyclé à 100 %, un alliage de cuivre connu pour ses propriétés antimicrobiennes inhérentes.

HandzOff est conçu pour vous déplacer dans les espaces publics sans entrer en contact direct avec les surfaces communes comme les poignées de portes, les distributeurs de billets, les écrans et boutons des points de vente, les toilettes publiques, les poubelles, les boutons des feux de circulation et des ascenseurs, les sacs à provisions, etc.

**Code: AVZ1114**

### Nuevo accesorio HandzOff™

Silca se complace en anunciar la disponibilidad de HandzOff: la herramienta que presiona, agarra y engancha los objetos para evitar tocar las superficies cubiertas de gérmenes y bacterias con las manos desnudas.

HandzOff está hecho de latón 100% reciclado, una aleación de cobre conocida por sus propiedades antimicrobianas inherentes.

HandzOff está diseñado para moverse por los espacios públicos, sin entrar en contacto directo con las superficies, como las manillas de puertas, los cajeros automáticos, las pantallas y botones de puntos de venta, los baños públicos, los botes de basura, los botones de semáforos y de ascensores, las bolsas de compras y más.

**Código: AVZ1114**

### Neues Zubehör HandzOff™

Silca freut sich, die Verfügbarkeit von HandzOff bekannt zu geben: dem Werkzeug, das die Objekte drückt, greift und hakt, um zu vermeiden, dass keimbedeckte Oberflächen mit bloßen Händen berührt werden. HandzOff wird aus 100% recyceltem Messing hergestellt, das für seine inhärenten antimikrobiellen Eigenschaften bekannt ist.

Mit HandzOff kann man sich in öffentlichen Räumen bewegen, ohne in direkten Kontakt mit unhygienischen Oberflächen zu kommen, wie z.B. Türgriffe, Geldautomaten, POS-Bildschirme und -Tasten, öffentliche Toiletten, Müllheimer, Ampel- und Fahrstuhlköpfe, Einkaufstaschen, usw. **Code: AVZ1114**

### Novo acessório HandzOff™

A Silca tem o prazer de anunciar a disponibilidade de HandzOff: a ferramenta que pressiona, agarra e prende os objetos para evitar tocar superfícies cobertas por germes com as mãos.

HandzOff é feito de latão 100% reciclado, uma liga de cobre comprovada por ter um efeito antibacteriano eficaz e contínuo.

HandzOff foi projetado para permitir que você se desloque em espaços públicos sem precisar entrar em contato direto com superfícies, como maçanetas, caixas eletrônicos, terminais POS, banheiros públicos, lixeiras, botões de passagens para pedestres e elevadores, sacolas de compras e muito mais.

**Código: AVZ1114**

## Silca Remote Car Key for Opel®

HU100AR12

Flip blade

### UK Remote Car Key for Opel®

Silca is pleased to introduce the new reference HU100AR12 for duplicating Opel® remote car keys.

The key has a similar design as the original and is supplied ready-to-programme with the PCB, transponder and flip blade included. It features two function buttons for locking and unlocking the doors and can be used on the vehicle model listed below.

### DE Fernbedienungsschlüssel für Opel®

Silca präsentiert die neue Referenz HU100AR12 für das Kopieren von Fernbedienungsschlüsseln für Opel®.

Der Schlüssel hat das gleiche Design des Originalschlüssels und ist mit PCB, Transponder und klappbarem Schaft programmierbereit. Der Schlüssel hat zwei Tasten für die Zentralöffnung/-verriegelung der Türen und kann mit den in der unten stehenden Tabelle angeführten Fahrzeugmodellen verwendet werden.

### ES Llave Mando para Opel®

Silca presenta la nueva referencia HU100AR12 para duplicar llaves mando para Opel®.

La llave presenta el mismo diseño que la llave original y está lista para ser programada. De hecho, está equipada con PCB, transponder y cuerpo flip. La llave tiene dos botones para la apertura y el cierre centralizados de las puertas, y se puede usar con el modelo indicado en la siguiente tabla.

### IT Chiave Radiocomando per Opel®

Silca presenta la nuova referenza HU100AR12 per la duplicazione di chiavi radiocomando per Opel®.

La chiave ha lo stesso design dell'originale ed è pronta per essere programmata: è infatti dotata di PCB, transponder e canna flip. La chiave ha due pulsanti per l'apertura e chiusura centralizzata delle portiere, e può essere utilizzata con il modello indicato nella tabella qui sotto.

### FR Clé Télécommande pour Opel®

Silca présente le nouvel article HU100AR12 pour reproduire des clés télécommande pour Opel®.

La clé a le même design que la clé originale et est fournie prête à être programmée avec le PCB, un transpondeur et un insert rabattable. La clé a deux boutons pour le déverrouillage/verrouillage centralisé des portières et peut être utilisée sur le modèle indiqué dans le tableau ci-dessous.

### PT Chave Rádio Controlo para Opel®

A Silca apresenta a nova referência HU100AR12 para a duplicação de chaves rádio controlo para Opel®.

A chave tem o mesmo design da chave original e, provida de PCB, transponder e cana flip, está pronta para ser programada. A chave tem dois botões para a abertura e o fecho centralizado das portas, e pode ser utilizada com o modelo indicado na tabela a seguir.

Make	Model	Chassis	From	To	Buttons	Trp ID	Frequency	Silca Profile

## Silca Remote Car Key for Renault®

VA2R01

Flip blade

### Remote Car Key for Renault®

Silca is pleased to introduce the new reference VA2R01 for duplicating Nissan®, Opel® and Renault® remote car keys.

The remote has a similar design as the original key and is supplied ready-to-programme with the PCB, transponder and flip blade included. It has three function buttons (lock, unlock, boot release) and can be programmed with Smart Pro.

### Fernbedienung-Schlüssel für Renault®

Silca präsentiert die neue Referenz VA2R01 zum Kopieren von Fernbedienung-Schlüsseln von Nissan®, Opel® und Renault®.

Die Fernbedienung hat das gleiche Design des Originalschlüssels und ist programmierbereit mit PCB, Transponder und Klappschlüssel. Der Schlüssel hat drei Tasten (Zentralöffnung/-verriegelung der Türen, Gepäckraumöffnung) und kann mit Smart Pro programmiert werden.

### Llave Radiomando para Renault®

Silca presenta la nueva referencia VA2R01 para la duplicación de llaves radiomandos para Nissan®, Opel® y Renault®.

El mando presenta el mismo diseño que el original y está listo para ser programado. El transponder va integrado en la placa, además la llave incluye el espadín plegable. La llave tiene tres botones (apertura/cierre centralizado de las puertas, apertura del maletero), y se puede programar con Smart Pro.

### Chiave Radiocomando per Renault®

Silca presenta la nuova referenza VA2R01 per la duplicazione di chiavi radiocomando per Nissan®, Opel® e Renault®.

Il radiocomando ha lo stesso design dell'originale ed è pronto per essere programmato, essendo provvisto di PCB, transponder e chiave flip. È dotato di tre pulsanti (apertura/chiusura centralizzata delle portiere, apertura bagagliaio) e può essere programmato con Smart Pro.

### Clé Télécommande pour Renault®

Silca présente le nouvel article VA2R01 pour reproduire des clés télécommande pour Nissan®, Opel® et Renault®.

La télécommande a le même design que l'originale et est prête à être programmée car elle est dotée de PCB, transpondeur et clé flip. Elle a trois boutons (déverrouillage/verrouillage centralisé des portières, ouverture du coffre) et peut être programmée sur Smart Pro.

### Chave Rádio Controlo para Renault®

A Silca apresenta a nova referência VA2R01 para a duplicação de chaves rádio controlo para Nissan®, Opel® e Renault®.

O rádio controlo tem o mesmo design da chave original e está pronto para ser programado. De facto, está provido de PCB, transponder e lâmina flip. A chave tem três botões (abertura/fecho centralizado das portas, abertura da bagageira), e pode ser programada com Smart Pro.

Make	Model	Chassis	From year	To year	Buttons	Trp ID	Frequency	Silca Profile
Application list for VA2R01

## Silca Remote Car Key for Smart®

VA2AR13 - Front

VA2AR13 - Back

### UK Remote Car Key for Smart®

Silca is pleased to introduce the new reference VA2AR13 for duplicating Smart® remote car keys.

The remote has a similar design as the original and is supplied ready-to-programme with the PCB, transponder and VA2 blade included. It has three function buttons (lock, unlock, boot release) and can be programmed with Smart Pro.

### DE Fernbedienung-Schlüssel für Smart®

Silca präsentiert die neue Referenz VA2AR13 zum Kopieren von Fernbedienung-Schlüsseln von Smart®.

Die Fernbedienung hat das gleiche Design des Originalschlüssels und ist programmierbereit mit PCB, Transponder und VA2 Metallschlüssel. Der Schlüssel hat drei Tasten (Zentralöffnung/-verriegelung der Türen, Gepäckraumöffnung) und kann mit Smart Pro programmiert werden.

### ES Llave Radiomando para Smart®

Silca presenta la nueva referencia VA2AR13 para la duplicación de llaves radiomandos para Smart®.

El mando presenta el mismo diseño que el original y está listo para ser programado. El transponder va integrado en la placa, además la llave incluye el espadín VA2. La llave tiene tres botones (apertura/cierre centralizado de las puertas, apertura del maletero), y se puede programar con Smart Pro.

### IT Chiave Radiocomando per Smart®

Silca presenta la nuova referenza VA2AR13 per la duplicazione di chiavi radiocomando per Smart®.

Il radiocomando ha lo stesso design dell'originale ed è pronto per essere programmato, essendo provvisto di PCB, transponder e canna in metallo VA2. È dotato di tre pulsanti (apertura/chiusura centralizzata delle portiere, apertura bagagliaio) e può essere programmato con Smart Pro.

### FR Clé Télécommande pour Smart®

Silca présente le nouvel article VA2AR13 pour reproduire des clés télécommande pour Smart®.

La télécommande a le même design que l'originale et est prête à être programmée car elle est dotée de PCB, transpondeur et insert en métal VA2. Elle a trois boutons (déverrouillage/verrouillage centralisé des portières, ouverture du coffre) et peut être programmée sur Smart Pro.

### PT Chave Rádio Controlo para Smart®

A Silca apresenta a nova referência VA2AR13 para a duplicação de chaves rádio controlo para Smart®.

O rádio controlo tem o mesmo design da chave original e está pronto para ser programado. De facto, está provido de PCB, transponder e lâmina de metal VA2. A chave tem três botões (abertura/fecho centralizado das portas, abertura da bagageira), e pode ser programada com Smart Pro.

## Key Programming Software Update for Nissan® ADS2297 - Code D754587AD

🇬🇧 Advanced Diagnostics is pleased to announce the release of the ADS2297 key programming software, which **programs proximity keys for various Nissan® vehicles without the need for online access or dealer codes**. As with earlier Nissan® procedures all proximity keys will be erased during the programming sequence. The software supports all keys lost situations (no working keys required).

🇮🇹 Advanced Diagnostics ha sviluppato il nuovo software ADS2297, che consente di **programmare chiavi di prossimità per diversi modelli Nissan® senza richiedere l'accesso a risorse online o l'utilizzo di codici del costruttore**. Come per altre procedure Nissan®, tutte le chiavi e i radiocomandi registrati in centralina saranno cancellati prima della programmazione, ed è possibile creare nuove chiavi anche in assenza dell'originale.

🇩🇪 Advanced Diagnostics hat das neue Software ADS2297 entwickelt, die **die Keyless-Go-Schlüssel für verschiedene Nissan® Modelle ohne Zugriff auf Online-Ressourcen oder die Verwendung von Herstellercodes programmiert**. Wie bei anderen Nissan®-Verfahren, werden alle Schlüssel und Fernbedienungen vor der Programmierung gelöscht, und es ist möglich, neue Schlüssel auch ohne das Original zu erstellen.

🇫🇷 Advanced Diagnostics a développé le nouveau logiciel ADS2297 dédié à la **programmation des clés de proximité pour différents modèles Nissan® sans avoir besoin d'accéder aux ressources en ligne ou d'utiliser les codes du fabricant**. Comme avec les autres procédures Nissan®, toutes les clés et les télécommandes sont effacées avant la programmation, et il est possible de créer de nouvelles clés même quand on a perdu l'original.

🇪🇸 Advanced Diagnostics ha desarrollado el nuevo software ADS2297 para la **programación de llaves de proximidad para diferentes modelos Nissan® sin requerir acceso a recursos en línea o el uso de códigos de fabricante**. Al igual que con otros procedimientos de Nissan®, todas las llaves y mandos se borrarán antes de ser programadas, y se puede crear nuevas llaves incluso en ausencia del original.

🇵🇹 A Advanced Diagnostics desenvolveu o novo software ADS2297 dedicado à **programação de chaves de proximidade para vários modelos Nissan® sem exigir acesso a recursos online ou o uso de códigos de fabricante**. Tal como acontece com outros procedimentos Nissan®, todas as chaves e os rádio controles são apagados antes da programação, e é possível criar novas chaves mesmo na ausência do original.

### OFFER DETAILS

Cable	ADC2000
Smart Aerial required	No
Software category	C
Other accessories required	No
